

ANNEX "A"

PROJECT: SUPPLY, DELIVERY & INSTALLATION OF 106 UNITS CLOSED-CIRCUIT TELEVISION (CCTV) FOR VARIOUS SSS BRANCHES.

SUBJECT: REPLY TO QUERIES

No.	Query	Reply
1.	Can you consider waiving the Bid Documents Fee for the bidders who bought and pay the Bid Docs fee during the first bidding?	No. This is a new project not rebidding.
2.	Is the 120 calendar days implementation period applicable for all the 106 units or for each branch? Please consider the situation of being in a pandemic and each LGU's mostly require quarantine period and the importation of equipment is considerably 90 days or longer.	The 120 calendar days project duration is applicable for the 106 units CCTV
3.	May request to conduct a site survey for each branch category. (Small, Medium and Large) since branch layout are not available? If allowed, may we request to include a site survey certification to be part of the technical submittals in the bid	Yes, the bidder may conduct a site survey. You may coordinate with the TWG for the identification of the branch to be visited. No. The site survey certification will not be included as requirement in the bid submittals
4.	My I know the mounting installation of monitor per site? Table top or wall mounted?	32:" LED TV monitor and NVR will be installed on table top.

<p>5.</p>	<p>8 Channel Network Video Recorder</p> <p>Analytics: Video Loss, Tampering, Facial Recognition, Entry/Exit Counter, Plate Number Recognition</p> <p>May we know if this is just a supported feature or a licensed feature.</p> <p>Also does the vehicle detection feature complies with the plate number recognition requirement?</p>	<p>This is a supported feature only.</p> <p>Yes, vehicle detection feature is acceptable as compliance with the plate number recognition requirement.</p>
<p>6.</p>	<p>Since SSS requires nationwide deployment, SSS should include that the prospective bidders should have nationwide deployment capability (service centers in major/key cities) to lessen cost, mitigate risk involved and be able to implement the project and be able to conduct after sales support in</p>	<p>Sub-office or branch of prospective bidders in major/key cities is not a requirement to qualify.</p>
<p>7.</p>	<p>My we request to include the Manufacturer's Certificate as part of the bid requirement to show the company's integrity and credibility?</p> <p>Also this will provide assurance to SSS the after sales support for the project</p>	<p>Bidder must submit a Manufacturer's Certificate of support to the bidder/company for the carried brand of CCTV.</p> <p>This amends Section VII. Technical Specifications</p>
