

PROJECT: SUPPLY, DELIVERY, INSTALLATION INTO OPERATIONAL STATE, AND MAINTENANCE OF AN INVESTMENT MANAGEMENT SYSTEM (IMS)

QUERIES/CLARIFICATIONS RAISED DURING THE PRE-BID CONFERENCE:

	Query/Clarifications	TWG/BAC Reply
1	The TWG reminds bidders to be extra cautious in the submission and presentation of the document, particularly foreign bidders, to submit all necessary and legal documentation for the evaluation of their bids.	Noted.
2	Can we still submit queries after this meeting? Our foreign partner is unable to attend this conference?	Yes. We will post the schedule of the submission of written queries.
3	We are still reviewing the TOR. We will send a written question later.	Noted.
4	There are no questions for now, however, if something comes up, we will send them.	Noted.
5	Is it possible for us to submit documents for your verification starting next weeks until the final bid submission?	No. We will only accept documents during the Submission and Opening of Bids activity, and the evaluation will take place on the post qualification stage.
6	Is this project impacted by the upcoming election?	SSS is unaffected by the election ban because our funding is not provided by the national government.
