 - ii. The cost of all customs duties and sales and other taxes already paid or payable;
 - iii. The cost of transportation, insurance, and other costs incidental to delivery of the Goods to their final destination; and
 - iv. The price of other (incidental) services, if any, listed in the **BDS**.
 - b. For Goods offered from abroad:
 - i. Unless otherwise stated in the **BDS**, the price of the Goods shall be quoted delivered duty paid (DDP) with the place of destination in the Philippines as specified in the **BDS**. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible country. Similarly, the Bidder may obtain insurance services from any eligible source country.

- ii. The price of other (incidental) services, if any, as listed in the **BDS**.

13. Bid and Payment Currencies

- 13.1. For Goods that the Bidder will supply from outside the Philippines, the bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies, shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.
- 13.2. Payment of the contract price shall be made in Philippine Pesos.

14. Bid Security

- 14.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.
- 14.2. The Bid and bid security shall be valid for *One Hundred Twenty (120) Calendar Days from the Date of the Bid Opening*. Any Bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

15. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

16. Deadline for Submission of Bids

- 16.1. The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB**.

17. Opening and Preliminary Examination of Bids

- 17.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 7 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

- 17.2. The preliminary examination of bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

18. Domestic Preference

- 18.1. The Procuring Entity will grant a margin of preference for the purpose of comparison of Bids in accordance with Section 43.1.2 of the 2016 revised IRR of RA No. 9184.

19. Detailed Evaluation and Comparison of Bids

- 19.1. The Procuring BAC shall immediately conduct a detailed evaluation of all Bids rated “*passed*,” using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of the 2016 revised IRR of RA No. 9184.
- 19.2. If the Project allows partial bids, bidders may submit a proposal on any of the lots or items, and evaluation will be undertaken on a per lot or item basis, as the case may be. In this case, the Bid Security as required by **ITB** Clause 14 shall be submitted for each lot or item separately.
- 19.3. The descriptions of the lots or items shall be indicated in **Section VII (Technical Specifications)**, although the ABCs of these lots or items are indicated in the **BDS** for purposes of the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184. The NFCC must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder.
- 19.4. The Project shall be awarded as follows:

One Project having several items that shall be awarded as one contract.
- 19.5. Except for bidders submitting a committed Line of Credit from a Universal or Commercial Bank in lieu of its NFCC computation, all Bids must include the NFCC computation pursuant to Section 23.4.1.4 of the 2016 revised IRR of RA No. 9184, which must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder. For bidders submitting the committed Line of Credit, it must be at least equal to ten percent (10%) of the ABCs for all the lots or items participated in by the prospective Bidder.

20. Post-Qualification

Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS) and other appropriate licenses and permits required by law and stated in the **BDS**.

2.1. Advance payment of the contract amount is provided under Annex “D” of the revised 2016 IRR of RA No. 9184.

2.2. The Procuring Entity is allowed to determine the terms of payment on the partial or staggered delivery of the Goods procured, provided such partial payment shall correspond to the value of the goods delivered and accepted in accordance with prevailing accounting and auditing rules and regulations. The terms of payment are indicated in the **SCC**.

3. Performance Security

Within ten (10) calendar days from receipt of the Notice of Award by the Bidder from the Procuring Entity but in no case later than the signing of the Contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR of RA No. 9184.

4. Inspection and Tests

The Procuring Entity or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Project specifications at no extra cost to the Procuring Entity in accordance with the Generic Procurement Manual. In addition to tests in the **SCC, Section VII (Technical Specifications)** shall specify what inspections and/or tests the Procuring Entity requires, and where they are to be conducted. The Procuring Entity shall notify the Supplier in writing, in a timely manner, of the identity of any representatives retained for these purposes.

All reasonable facilities and assistance for the inspection and testing of Goods, including access to drawings and production data, shall be provided by the Supplier to the authorized inspectors at no charge to the Procuring Entity.

5. Warranty

5.1 In order to assure that manufacturing defects shall be corrected by the Supplier, a warranty shall be required from the Supplier as provided under Section 62.1 of the 2016 revised IRR of RA No. 9184.

5.2 The Procuring Entity shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall, repair or replace the defective Goods or parts thereof without cost to the Procuring Entity, pursuant to the Generic Procurement Manual.

6. Liability of the Supplier

The Supplier's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Supplier is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

Section V. Special Conditions of Contract

Special Conditions of Contract

GCC Clause	
1	<p>General Requirements</p> <ol style="list-style-type: none"> 1. The work covers the supply, delivery, and installation of new Chillers and Cooling Towers from the factory of origin to the job site. Including payment of all the shipping cost, marine insurances, freight custom forwarders, custom duties, access permits for passage to local areas, VAT and brokerage fees and others up to project site at SSS Makati Building, Ayala cor. Rufino St. Makati City. 2. All materials must be of the approved type, application and comply with the minimum technical specification required for the project. Inspection of materials/equipment will be made by SSS representative/s for validating compliance and conformity, any discrepancies, damages, deviations shall be documented for removal/withdrawal rectification, repair, and replacement as applicable. 3. Toolbox, lifting equipment (Cranes), electric drill machine, ladders, threading, welding/brazing machines, pipe cutting & grinding machine, pressure and gauge manifolds, laser leveling tools, mobile scaffolds, staging platforms, suitable transportation/hauling vehicles and other necessary facilities for the installation works. 4. Ensure that the lifting cables can safely support the entire weight of the machines. Improper handling or lifting may result in serious injury & damage to the product. Ensure isolator pads or spring isolators are available in the chiller feet/ legs prior to lowering the equipment to its designated site and machine foundations. 5. Delivered equipment/materials shall be kept covered with suitable packaging materials to preserve and ensure safety against any damages and with proper inventory reports, marked, and preliminary checked identified as per package lists. 6. Storage and actual site conditions must be checked in preparation for the appropriate deployment. Minimum equipment room clearances must comply with manufacturer's standard recommendations to allow maintenance and repair access aside from tending and operation of the machines/equipment. 7. Prior to installation prepare and submit all data sheets, brochures, manuals, testing results, sealed packaging condition must be checked to validate the integrity of the brand-new equipment and shall be free from any damages during its transportation, hauling, delivery storage and other forms of any tampering that may compromised the functionality and performance of the new equipment. 8. Strictly observed manufacturer's instructions, manuals pertaining to rigging to ensure safety against damage. Observe local labor safety protocols, PPE requirements and deploy qualified and experienced technical team/service crews and engineers to safeguard the successful replacement of existing with the newly supplied equipment and machinery. 9. Observed standards Health and Safety Procedures/Protocols to ensure the safe and successful dismantling and handling of the equipment subject for replacement, delivery of new equipment, positioning, installation, tests, and commissioning, turn-over and acceptance of the project by the project proponent.

GCC Clause	
	<p>Mechanical Works</p> <ol style="list-style-type: none"> 1. Provision of labor, engineering supervision, skilled and experienced installers, technicians, instrumentation, tools, supply of materials and equipment to implement the listed scope of the project. <ol style="list-style-type: none"> a. Prepare the required proposed plans and secure necessary mechanical permits and clearances from Makati Commercial Estate Association (MACEA) and, Office of the Building Official (OBO), Department, Makati City. b. Mobilization of manpower, tools, equipment, temporary facilities, and others needed preparation for the project and dismantling of the existing <u>Chillers</u>, <u>Cooling Tower, (CT)</u>, <u>Chilled & Condenser Pumps</u>, and all system installations subject for replacement and handling of all removed items to designated/secured locations in the parking area of the SSS Makati Building. c. Systematic dismantling of existing equipment and system installation mentioned above. Preparation of the machine/equipment foundations for the new supplied equipment/machines and including mechanical piping system, d. Installations of all supplied equipment/machineries mechanical piping system, retrofitting of mechanical fittings, condenser's waterline connections, complete with all applicable types of industrial gate valves, isolation valves, bypass valves, pressure gauges, vents & drain valves, relief valves, headers, strainers, chilled pipe insulations, supports and hangers and others related support structures, drain fittings, appurtenances, accessories, and other related installation services of the project. e. Pipelines shall be marked for identifications as to direction of flow and content of material carried in the pipes by means of one-inch-high letters and directional arrows on the outer surface, color coded visible from the floor. f. Chillers system evacuation, dehydration and charging with refrigerant shall be carried out by skilled & experienced personnel provided by equipment manufacturer and or its trained and accredited service provider. After installation of the chillers, review of the completed services must be thoroughly subject to final inspection and quality check prior to proceeding with testing & commissioning. g. Submission of approved as-built plans, brochures, installation, operation and maintenance manuals, installation permits and other applicable clearances. 2. Strategic dismantling to minimize if not avoid disruption of the building operation during the replacement process of the Chillers and Cooling Towers, (CT) and their piping system. <p>The works shall include loading delivery unloading of the new Chillers and Cooling Towers/equipment including all accessories from sources/origin, container van to ground level, hauling and rigging to the Chiller Room and to the Roof Deck, for the location of the Cooling Towers. Equipment dismantling and assembling works if needed must be included in cost by the Supplier.</p> <ol style="list-style-type: none"> a. Conduct preliminary inspection to familiarize the local conditions and determine the existing operating status of the building's air-con system, more particularly on the operation of the remaining functional Chiller and CT. b. Device a systematic implementation plan with phase-by-phase dismantling and replacement scheme of Cooling Tower assembly and the piping headers and its distribution system. c. Isolate the non-working CTs, dismantle and remove the entire assembly, prepare the foundation to accommodate new replacement assembly and replace each CT assembly one at a time.

GCC Clause	
	<p>d. If necessary, provide temporary bypass CT Header to keep the centralized air-con functional while dismantling and setting up new distribution and riser header of the new CTs.</p> <p>e. Pre-fabrication of each segment of the CT piping system and its corresponding valves, fittings, and headers prior to decommissioning, dismantling and removal from the existing layout in preparation to its immediate replacement with new system/assembly and distribution.</p> <p>f. Schedule the shutting down, dismantling, and immediate replacement during long weekends to optimize full access and allow ample time for its quick restoration and prepare for the next day's normal operation. Temporary lifting frames/tools, hangers, supports and facilities shall be prepared and installed prior to torch or oxyfuel cutting of the piping system and CT dismantling.</p> <p>3. Testing and Commissioning:</p> <p>a. The Supplier shall strictly follow the installation of the new non-CFC chiller in accordance with the guidelines and procedures/standards for the installation and commissioning as prescribed by the chiller manufacturer.</p> <p>b. The Supplier shall ensure that the following data/parameters are monitored:</p> <ul style="list-style-type: none"> - Date of data recording - Time of data recording - Inlet water temperature to evaporator (°C or °F) - Inlet water temperature to condenser (°C or °F) - Outlet water temperature from evaporator (°C or °F) - Power consumption (kW) of the Compressor Motor - Energy Consumption (kWh) - Pressure drops across the evaporator (kPa) or - Rate of chilled water flow across the evaporator (kg/hr.) <p>c. The Supplier shall provide training to the SSS personnel on the maintenance and operation of the new chiller and perform the recording of the required monitoring parameters.</p> <p>d. The supplier shall complete the commissioning report form and submit it to SSS. The SSS may provide supplemental suggested outline of the commissioning reports in addition to the manufacturer's standard commissioning report.</p> <p>Post-installation work shall include cleaning and flushing of newly installed chiller piping system, painting and labeling, and cleaning of debris of the workplace.</p> <p>Electrical Works</p> <p>1. The service provider/ contractor is required to conduct site inspection together with the Building Maintenance and EFMD Engineer or SSS representative to determine the nature and extent of necessary works, materials, and services and considered as essential and incidental requirement in the implementation of the project.</p> <p>2. The contractor shall be responsible for thorough coordination with the concern parties and, secure of all necessary permits and clearances from local and other concerned regulating government agencies.</p> <p>3. All work shall be properly coordinated with the Building Owner or SSS representative to discuss all phases of the works/ activities.</p>

GCC Clause

1. Surface preparation and repair/restoration of concrete/ masonry cracks, & defects.	<ul style="list-style-type: none"> • Removal of existing waterproofing membrane. • Remove all dust, grimes, dirt, and other contaminants on concrete that would prevent effective adhesion on surface. 						

GCC Clause		
		<ul style="list-style-type: none"> • Scrape/remove adhesive, primer, grout, oil, grease and other contaminants on concrete surfaces and joints by mechanical means. Compressed air blow to wipe away dust and other foreign matters. Surface to be treated shall be thoroughly cleaned and dry. Check all traces of leaks such as cracks, connection of pipes and concrete, gaps/ joints, holes, and other possible sources of leakages. • Clean/prepare steel trowel, iron brass all horizontal and vertical concrete surfaces until said surface are smoothly finished, fully cured, dry clean and free of rubbish, lose or foreign materials. • Prepared surfaces shall be process properly and kept wet by sprinkling with water at regular intervals for a period of at least 3 days and allow surface to completely cure within 7 days. • When there is reasonable doubt as to the presence of moisture in the surface to be applied with membrane, expose the same direct to sunlight for another 2 days or heat all suspected area using blow torch.
	<p>2. Repair of cracks & joints, and observe manufacturer's instructions for material's application or installation manuals/procedure.</p>	<ul style="list-style-type: none"> • For thin hairline cracks: cracks (0.25mm or under) shall not be opened or cut but the cracks shall be cleaned, filled, and sealed with epoxy grout by using brush, trowel, or putty knife. • For large cracks and voids: cracks shall be routed out along its entire length (to a depth not less than 6.35mm and a width of 9.5mm) and cleaned groove by vacuuming or blowing off all dust and loose particles and primed with pure epoxy-resin binder adhesive to ensure a weld bond after which the epoxy mortar shall be applied with a trowel or putty knife flush with the adjoining surface. • In case of deep cracks and cleavage: where the size of the opening permit, cracks shall be filled with epoxy grout by pumping epoxy resin mix under pressure into cracks, allowed to be hardened, then the surface coated with epoxy mortar.

Allow the primer to dry for at least 1 hour at temperature 25°C and above, until the primed surface is tack free. At lower temperatures allow additional drying time to ensure a tack free surface. Priming should only be carried out on surfaces that will be covered with the membrane on the same day. • Waterproofing membrane must be laid to allow side laps of 100mm and end laps of 150mm. If membrane is to be spot bonded, full bonding must occur for 1m each side of end laps. Application of membrane is by torch bonding using suitable gas torch. Bonding is achieved by slowly unrolling the membrane whilst directing flame at the underside roll and melting the bitumen by moving the torch from left to right. Side laps must be welded with care. Correct welding will show a 4-8mm wide continuous bead of bitumen along the lap. Side laps should be 100mm wide. Attention should be given to the end laps ensuring complete adhesion allowing 150mm overlaps. On completion of the membrane installation all exposed perimeter edges must be mechanically fixed or terminated under a flashing. • Warranty against material defects/failure, quality and workmanship shall be for a period of five (5) years from the date of issuance of Certificate of Completion and acceptance. <p style="text-align: center;"><i>Note: Retention of the waterproofing services shall be released upon expiration of the Five-year warranty period.</i></p>

GCC Clause	
	<p>The obligation of confidentiality by both parties, as provided herein, shall survive the termination of the Agreement.</p> <p>2. MERGER AND CONSOLIDATION. In case of merger, consolidation or change of ownership of the SUPPLIER with other company, it is the responsibility of the surviving company/consolidated company/acquiring entity to inform SSS of the change in corporate structure/ownership. Failure to do so shall translate in such company assuming all liabilities of the acquired/merged company under the Agreement.</p> <p>3. FORCE MAJEURE. SUPPLIER shall not be liable for forfeiture of its performance security, liquidated damages, or termination for default if and to the extent that SUPPLIER's delay in performance or other failure to perform its obligations under this Agreement is the result of a force majeure.</p> <p>For purposes of this Agreement the terms "force majeure" and "fortuitous event" may be used interchangeably. In this regard, a fortuitous event or force majeure shall be interpreted to mean an event which SUPPLIER could not have foreseen, or which though foreseen, was inevitable. It shall not include ordinary unfavorable weather conditions; and any other cause the effects of which could have been avoided with the exercise of reasonable diligence by SUPPLIER. Such events may include, but not limited to, acts of SSS in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.</p> <p>If a force majeure situation arises, SUPPLIER shall promptly notify SSS in writing of such condition and the cause thereof. Unless otherwise directed by SSS in writing, SUPPLIER shall continue to perform its obligations under this Agreement as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure.</p> <p>4. NON-ASSIGNMENT. SUPPLIER shall not assign its rights or obligations under this Agreement, in whole or in part, except with SSS's prior written consent. SUPPLIER shall not subcontract in whole or in part the PROJECT and deliverables subject of this Agreement without the written consent of SSS.</p> <p>5. WAIVER. Failure by either party to insist upon the other strict performance of any of the terms and conditions hereof shall not be deemed a relinquishment or waiver of any subsequent breach or default of the terms and conditions hereof, which can only be deemed made if expressed in writing and signed by its duly authorized representative. No such waiver shall be construed as modification of any of the provisions of the Agreement or as a waiver of any past or future default or breach hereof, except as expressly stated in such waiver.</p> <p>6. CUMULATIVE REMEDIES. Any and all remedies granted to the parties under the applicable laws and the Contract shall be deemed cumulative and may therefore, at the sole option and discretion, be availed of by the aggrieved party simultaneously, successively, or independently.</p> <p>7. NO EMPLOYER-EMPLOYEE RELATIONSHIP. It is expressly and manifestly understood and agreed upon that the employees of SUPPLIER assigned to perform the PROJECT are not employees of SSS. Neither is there an employer-employee relationship between SSS and SUPPLIER.</p>

GCC Clause	
	<p>The Agreement does not create an employer-employee relationship between SSS and the SUPPLIER including its personnel; that the services rendered by the personnel assigned by SUPPLIER to SSS in the performance of its obligation under the contract do not represent government service and will not be credited as such; that its personnel assigned to SSS are not entitled to benefits enjoyed by SSS' officials and employees such as Personal Economic Relief Allowance (PERA), Representation and Transportation Allowance (RATA), ACA, etc.; that these personnel are not related within the third degree of consanguinity or affinity to the contracting officer and appointing authority of SSS; that they have not been previously dismissed from the government service by reason of an administrative case; that they have not reached the compulsory retirement age of sixty-five (65); and that they possess the education, experience and skills required to perform the job. The SUPPLIER hereby acknowledges that no authority has been given by SSS to hire any person as an employee of the latter. Any instruction given by SSS or any of its personnel to SUPPLIER's employees are to be construed merely as a measure taken by the former to ensure and enhance the quality of project performed hereunder. The SUPPLIER shall, at all times, exercise supervision and control over its employees in the performance of its obligations under the contract.</p> <p>8. PARTNERSHIP. Nothing in the contract shall constitute a partnership between the parties. No party or its agents or employees shall be deemed to be the agent, employee or representative of any other party.</p> <p>9. COMPLIANCE WITH SS LAW. SUPPLIER shall report all its employees to SSS for coverage and their contributions, as well as all amortizations for salary/education/calamity and other SSS loans shall be updated. Should SUPPLIER fail to comply with its obligations under the provisions of the SS Law and Employees' Compensation Act, SSS shall have the authority to deduct any unpaid SS and EC contributions, salary, educational, emergency and/or calamity loan amortizations, employer's liability for damages, including interests and penalties from SUPPLIER's receivables under this Agreement.</p> <p>Further, prescription does not run against SSS for its failure to demand SS contributions or payments from SUPPLIER. Moreover, SUPPLIER shall forever hold in trust SS contributions or payments of its employees until the same is fully remitted to SSS.</p> <p>10. COMPLIANCE WITH LABOR LAWS. SUPPLIER, as employer of the personnel assigned to undertake the PROJECT, shall comply with all its obligations under existing laws and their implementing rules and regulations on the payment of minimum wage, overtime pay, and other labor-related benefits as well as remittances or payment of the appropriate amount or contributions/payment (SSS, EC, Pag-IBIG, PhilHealth and taxes) with concerned government agencies/offices.</p> <p>It is agreed further, that prior to the release of any payment by SSS to SUPPLIER, its President or its duly authorized representative, shall submit a sworn statement that all monies due to all its employees assigned to the PROJECT as well as benefits by law and other related labor legislation have been paid by SUPPLIER and that he/she assumed full responsibility thereof.</p>

GCC Clause	
	<p>11. COMPLIANCE WITH TAX LAWS. SUPPLIER shall, in compliance with tax laws, pay the applicable taxes in full and on time and shall regularly present to SSS within the duration of the Contract, tax clearance from the Bureau of Internal Revenue (BIR) as well as copy of its income and business tax returns duly stamped by the BIR and duly validated with the tax payments made thereon. Failure by SUPPLIER to comply with the foregoing shall entitle SSS to suspend payment of the Contract Price.</p> <p>As required under Executive Order (EO) 398, s. 2005, SUPPLIER shall submit income and business tax returns duly stamped and received by the BIR, before entering and during the duration of this Agreement. SUPPLIER, through its responsible officer, shall also certify under oath that it is free and clear of all tax liabilities to the government. SUPPLIER shall pay taxes in full and on time and that failure to do so will entitle SSS to suspend or terminate this Agreement.</p> <p>12. LIQUIDATED DAMAGES. If SUPPLIER fails to satisfactorily deliver any or all of the Goods and/or to perform the Services within the period(s) specified in the PBD inclusive of duly granted time extensions if any, SSS shall, without prejudice to its other remedies under this Agreement and under the applicable law, deduct from the Contract Price, as liquidated damages, the applicable rate of one tenth (1/10) of one (1) percent of the cost of the unperformed portion for every day of delay until actual delivery or performance. Once the amount of liquidated damages reaches ten percent (10%), SSS may rescind or terminate this Agreement, without prejudice to other courses of action and remedies open to it.</p> <p>13. HOLD FREE and HARMLESS. SUPPLIER agrees to defend, indemnify, and hold SSS free and harmless from any and all claims, damages, expenses, fines, penalties and/or liabilities of whatever nature and kind, whether in law or equity, that may arise by reason of the implementation of the Agreement. In addition, SUPPLIER agrees to indemnify SSS for any damage as a result of said implementation.</p> <p>SUPPLIER hereby assumes full responsibility for any injury, including death, loss or damage which may be caused to SSS' employees or property or third person due to SUPPLIER's employees' fault or negligence, and further binds itself to hold SSS free and harmless from any of such injury or damage. SSS shall not be responsible for any injury, loss or damage which SUPPLIER or any of its employees may sustain in the performance of SUPPLIER's obligations under this Agreement.</p> <p>14. SETTLEMENT OF DISPUTES. If any dispute or difference of any kind whatsoever shall arise between SSS and SUPPLIER in connection with or arising out of this Agreement, the Parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.</p> <p>If after thirty (30) days, the Parties have failed to resolve their dispute or difference by such mutual consultation, then either SSS or SUPPLIER may give notice to the other Party of its intention to commence arbitration, in accordance with RA No. 876, otherwise known as the "Arbitration Law" and RA No. 9285, otherwise known as the "Alternative Dispute Resolution Act of 2004," in order to settle their disputes.</p> <p>No arbitration in respect of this matter may be commenced unless such notice is given.</p> <p>Notwithstanding any reference to arbitration herein, the Parties shall continue to perform their respective obligations under this Agreement unless they otherwise agree.</p>

GCC Clause	
	<p>15. VENUE OF ACTIONS. In the event court action is necessary in order to promote Arbitration, such action shall be filed only before the proper courts of Quezon City, to the exclusion of all other venues.</p> <p>16. GOVERNING LAW. The Agreement shall be governed by and interpreted according to the laws of the Republic of the Philippines.</p> <p>17. AMENDMENTS. This Agreement may be amended only in writing and executed by the parties or their duly authorized representatives.</p> <p>18. SEPARABILITY. If any one or more of the provisions contained in the contract or any document executed in connection herewith shall be invalid, illegal or unenforceable in any respect under any applicable law, then: (i) the validity, legality and enforceability of the remaining provisions contained herein or therein shall not in any way be affected or impaired and shall remain in full force and effect; and (ii) the invalid, illegal or unenforceable provision shall be replaced by the parties immediately with a term or provision that is valid, legal and enforceable and that comes closest to expressing the intention of such invalid illegal or unenforceable term of provision.</p> <p>19. BINDING EFFECT. The Agreement shall be binding upon the Parties hereto, their assignee/s and successor/s-in-interest.</p>
